Goya Canvas

340 gsm, Poly-Cotton, natural white, satin-finish

Product Description

Goya Canvas substitutes the previous Canvas Satin 340 and is made of poly-cotton. Its distinctive structure and special satin coating give art reproduction and Fine Art photo printing an artistic appearance. It offers maximum aging resistance and guarantees an extremely large colour gamut and high colour density.

Applications and Characteristics

Goya Canvas is particularly suitable for art and photographic reproduction. It can be framed, stretched and varnished after printing.
